ANCHOR RECRUITS FOUR NEW MEMBERS OF STAFF

Anchor, the mechanical, electrical and energy recovery company based in Winchester has announced that it has appointed four new members of staff to join its ever growing operations.

Ian Davidson, joins Anchor as a Senior Servicing Engineer, Ben Rizzo as a Servicing Engineer, Scott Atkins as an Electrical Improver and Conner Biggs as an Apprentice.

Ian Paxton, Director of Anchor, said: "We are thrilled that our business is growing so successfully and that we can offer jobs to skilled local people and welcome them into the team here. We are a happy company and all our staff share the determination to provide our customers with a truly first class mechanical, electrical and energy recovery engineering service. We are really pleased to have Ian, Ben, Scott and Conner on board."

Anyone interested in talking to Ian about the services offered by Anchor should contact our helpdesk on 01962 844488 or email reception@anchormaintenance.co.uk
